Welcome Auto Union friends

Auto Union Veterans Club e. V. organized by

5th to 7th August 2016

After our meeting 2011 in the Northern Black forest we are to host in 2016 in Freiburg and the Kaiserstuhl, Germany's sun-richest wine-growing region of volcanic origin.

The central point is the Freiburg exhibition center just outside the city. Here there are enough parking spaces for our cars and pitches for the parts market. The Fair restaurant is open every day and cares about our well-being.

On Friday afternoon the parts market will take place.

As an option we offer trips in your own cars to Alsace to the Bunker Museum of the Maginot Line in Marckolsheim, and the Schlumpf Collection in Mulhouse, or for our Motorcyclists a tour under the proven leadership of Walter lovers round the typical local vine terraces and steep slopes of the vineyards, In narrow country roads the route leads through picturesque wine villages, dark, shady deciduous forests with short steep and slope-stretch and "Stelvio-Style" roads.

A cozy evening will be spend at a wine tasting with wine and a Badischer Winzervesper at the winery Hug in Pfaffenweiler.

The excursion on Saturday takes us on a promising route through beautiful villages, forests and vineyards areas in the region Kaiserstuhl. The Kaiserstuhl is an experience quite unique of its kind. It still does not belong to the Black Forest to the Vogesen that limit Oberrheinebene. The Kaiserstuhl rises like an island from the Upper Rhine Valley and is the sunniest regions in Germany with its vineyards

A festive evening in the foyer of the exhibition hall is the highlight and will conclude Saturday.

On Sunday enjoy a leisurely brunch again time for car talk and there are two Black forest typical "Bollenhut makers for still images between the vehicles.

Join us for an exciting annual meeting in the company of like-minded people. We wish you a pleasant stay in Freiburg and look forward to you coming. If you can make it, why not extend your weekend. The convenient location allows trips to the nearby Black Forest, in Switzerland and in Alsace and VoGes. Whether you love romance and tranquility or want to have athletic fun - in the region of each will be special-pleasure.
